## Great Seal of Iowa

This bronze tablet is a near replica of the state seal used by Iowa governors. An eagle holds a banner proclaiming the state motto: *Our liberties we prize and our rights we will maintain.*

Below, a soldier stands with gun and liberty cap in hand, the plow not far away. In the background, is the steamer "Iowa" on the Mississippi River. Just behind it, a furnace and smokestack represent the lead factories at Dubuque.

Alexander Doyle of New York City was paid \$650 to design the tablet.
